Project Title: Cedar Point microsite

https://en.wikipedia.org/wiki/Cedar_Point#

My microsite will focus on Cedar Point, an amusement park in Sandusky, Ohio. I would like to build a multi-page site with a standard navigation bar across the top.

- **Home Page/Introduction** — Introduce the park with basic information

- **History** — Timeline of the park's history, including notable events and milestones.

- **Resorts and Attractions** — List of current and former rides, as well as hotel offerings

- **Awards**

- **Sources** – Wikipedia page, Cedar Point website, image sources
